Spiranthes Survey

R.L. Benedetti, Associate General Manager  
Environmental Restoration Management  
EG&G Rocky Flats, Inc.Tim G. Hedahl, Associate General Manager  
Environmental and Waste Management  
EG&G Rocky Flats, Inc.

Please find attached a November 16, 1992 letter, from the U.S. Fish and Wildlife Service (FWS) to DOE/RFO regarding the Spiranthes survey conducted at the RFP in August 1992. They have concurred with our findings that Spiranthes is not present at the RFP.

Any RFP projects delayed as a result of Endangered Species Act consultation requirements regarding Spiranthes may proceed at this time. However, this does not preclude the necessity of compliance with other statutes and regulations including the Migratory Bird Treaty Act, Fish and Wildlife Coordination Act, Eagle Protection Act, Platte River impacts under the Endangered Species Act and wetlands/floodplains.

Also note that according to the July 17, 1992 FWS interim survey requirements for Spiranthes, all surveys will be considered final for three years. Thus, the Spiranthes survey should be repeated at the RFP no later than July-August 1995.
